Year 12 Non-Standard and Individual Program Pricing.

Because of the nature of year 12 English, we do offer individual lessons to students. Due to the high demand for these lessons, we only have a limited number of places available. Any non-standard and individual program requests should be discussed with our head teachers.

All individual lessons are \$55 per hour (including GST). Lessons must be paid either upfront for the term or on a monthly payment plan.

Where individual lessons are not possible, we will endeavor to find a suitable small group class for the student to join.

Because of the wide range of English texts studied by different schools, we have created dedicated school-based classes. These English classes are priced at the standard level. Students are welcome to create their own group class.

Please contact us on (02) 9618 6048 for more information on HSC subjects and non-standard programs.
